Through the agreement, Bullfrog Power’s producers put renewable electricity onto the grid to match the amount of conventional electricity used by Compass Wealth Partners’ office. Across Canada, Bullfrog’s green electricity comes from a blend of wind and low-impact hydro power sourced from new Canadian renewable energy facilities.

“We are excited to welcome Compass Wealth Partners to the bullfrogpowered community,” said Sean Drygas, Executive Vice President, Bullfrog Power Sustainability Solutions. “By choosing green electricity, Compass Wealth Partners is helping to reduce our dependence on polluting forms of energy and transition Canada to renewable energy sources.”

Bullfrog also uses the support of its customers to help fund new community-based green energy projects across Canada.

In addition to choosing green energy with Bullfrog Power, Compass Wealth Partners' sustainability initiatives include:

- environmentally conscious suppliers
- Use of “green” environmentally sensitive cleaning products
- Participating in community clean-up days
- Strong commitment to recycling

Compass Wealth Partners has also been recognized by its local business associations at the Oshawa Chamber of Commerce and Ajax-Pickering Board of Trade for its commitment to strong environmentally-friendly business practices. It has been recognized as an “Eco-certified” business by the Ajax-Pickering Board of Trade.

Green electricity for its, Canada's leading green energy provider, announced that, a Durham Region based financial services provider, is choosing downtown Oshawa office. Compass Wealth Partners joins the growing number of Canadian organizations supporting green energy across Canada with Bullfrog Power.
